HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN

This course provides the ability to perform specific electrical tasks relevant within a specialised trade area.

This course provides training in electrical principles, their application including electrical safety and the regulatory requirements in preparation for applying for the Restricted Electrical Licence. Skill sets have been developed within specialised trade areas who conduct specific electrical tasks. The trade areas may include plumbing, electronics, refrigeration and air conditioning.

Each Skill set comprises of selected units of competency dependent on what trade areas are included.
