Improve your chances of securing an apprenticeship

The qualification is intended for those interested in exposure to an engineering or related working environment with a view to entering into employment in that area. This qualification will equip graduates with knowledge and skills which will enhance their prospects of employment in an engineering, mechanical or related working environment.

This qualification delivers broad-based, underpinning skills and knowledge in a range of engineering, mechanical and manufacturing tasks which will enhance the graduates' entry-level

Achievement of competence in some units will provide credit towards a range of mechanical (Diesel Fitting and Heavy Commercial Vehicle), manufacturing and engineering trade and production qualifications.

Achievement of competence in all of the other units will provide advanced progress towards reaching competence in units contained in other metal and engineering qualifications.

Entry requirements

A sound achievement in Year 10 Maths, and English is desirable.

Mature age applicants are...

Resources required

Attire is to be of current industry standard with cotton drill long sleeved shirts and long pants and steel cap boots...

What are my payment options?

No matter what your circumstances, TAFE Queensland North has a payment option to suit you. If you are unsure of what's right for you, call us on 1300 656 959. We're here to help.

Prices are subject to change.

Got a question?

Enquire about your full fee study options

FULL FEE | $4,335

This is the total cost of the course.

SUBSIDISED | $582

The Queensland Government will offset the cost of study for eligible students. You will still need to pay for a portion of your study costs. The amount above is what you will need to pay.

CONCESSION | $165

You are eligible for the concession price of a course if you are eligible for subsidised training, and are listed on an Australian Government Low Income Health Care Card or Pensioner Concession Card. If you are Aboriginal or Torres Strait Islander, you hold a Department of Veterans’ Affairs Pensioner Concession Card, or if you have a disability. Further information about concessions.

Diesel Fitter
Metal Engineering Process Worker
Engineering Production Systems Worker
Motor Mechanic (General)
Apprenticeship - Engineering Trade

Outcome
MEM20413 Certificate II in Engineering Pathways (Diesel Fitting)
This qualification has been specifically developed for possible employment in the diesel and heavy automotive industry and is designed to provide industry recognised skills. Attainment of this qualification may lead to future employment in this industry as an apprentice.

Job prospects
- Diesel Fitter
- Metal Engineering Process Worker
- Engineering Production Systems Worker
- Motor Mechanic (General)
- Apprenticeship - Engineering Trade

Units
To gain this qualification, students need to successfully complete 12 units: 4 cores and 8 electives.

ARE YOU READY TO TAKE THE NEXT STEP ON YOUR PATH TO GREAT?
Enrol today to secure your spot in this course.

HOW TO ENROL
Enrol now
You're ready if you have:
- checked your important dates (under the course details tab)
- checked you meet the entry requirements (under the course details tab)
- checked your course costs and knew which payment option is right for you (under the costs tab)
- Read the student rules and refund policy
- Created your Unique Student Identifier and can provide this code to TAFE Queensland
- If you are applying for a subsidised cost, please ensure you have all the relevant documents at time of enrolment

All done? Then head to the link below to complete your enrolment:
tafenorth.edu.au/study-with-us/enrolment-fees/enrol

Enrolment options
By telephone: 1300 656 959. In person: at any TAFE Queensland North location.
