Hello there, our dream is to help you make great happen.

Realise your artistic talents

The Diploma of Visual Arts reflects the role of visual artists who combine specialised technical, creative and conceptual skills to prepare for and develop an emerging arts practice. They are able to plan and realise a body of work in one or more art forms. Visual arts practice at this level is underpinned by a sound grasp of art theory and history and the ability to critically analyse and synthesise information from a range of sources.
